Special Interest

Our center holds monthly PAC meetings in addition to monthly parenting classes. During the PAC meetings, parents will be provided the opportunity to engage in meaningful discussion on the "ins and outs" of planning for a meaningful experience here at BJCDC. Come be part of this process, share your idea's, express your concerns, be part of the process!!

Our Parent Education Classes cover a wide range of topics, all designed to instill confidence, skills and a stronger parent-child relationship. Come listen and socialize with fellow parents!

Both the PAC and Parent Classes will begin again in January, please watch for details!!

Child-care is provided for all events.
